

# Trust your equipment to a STIHL MasterWrench Service<sup>SM</sup> technician.

The dependability of STIHL equipment is legendary. Your STIHL Dealer stands behind that equipment and services what he sells. STIHL MasterWrench Service<sup>SM</sup> is a designation recognizing select STIHL Dealers who have continually exceeded expectations through extensive training and a proven track record of customer satisfaction.

What makes a STIHL MasterWrench Service<sup>SM</sup> technician?

### 3-level service training

There are three levels of STIHL-certified service training — Bronze, Silver and the extensive Gold training level. STIHL MasterWrench Service<sup>SM</sup> certification is granted exclusively to technicians who are able to pass all three levels.

### Professional workshop environment

STIHL-certified workshops are conducive to performing maintenance and repairs at the high level of quality that our STIHL MasterWrench Service<sup>SM</sup> technicians have been trained for, and workshops use specialized STIHL tools in all of their repair work.

### Superior service for STIHL customers

Because of their mastery of the craft, STIHL MasterWrench Service<sup>SM</sup> technicians can provide customers with efficient repairs and

maintenance as well as offer expert advice on the proper care and upkeep of their equipment.
